

DMX-osoitetaulukko

Tämä taulukko on tarkoitettu helpottamaan DIP-kytkimillä varustettujen laitteiden DMX-osoitteen asettamista.

Laitteen osoitteen saat laskemalla yhteen päällä olevien kytkinten arvot. Allaolevasta kuvasta näet kytkimiä vastaavat desimaaliarvot.

Esim. $1 + 8 + 16 + 128 = 153$

Tämän taulukon käyttö ja kopiointi ei-kaupallisiin tarkoituksiin on vapaata kunhan lähde mainitaan.
